Dear Kindergarten Parent/Guardian,

We are concerned that on occasion no adult has been at the bus stop to meet a kindergarten child. This situation poses a potential safety hazard; therefore, no kindergarten child will be let off the bus if that child will be alone at the bus stop. This procedure has been established in order to ensure the safety of these youngsters.

Any child who does not have adult supervision available at the bus stop will be returned to school. Obviously there is an extra service provided, therefore, a fee, determined by the bus company contracted by our district, may be paid by the Hampton Township School District then charged to the parent/guardian through the district office. In addition, parents/guardians will be called and requested to come in for a conference to discuss future arrangements.

Our goal is to keep children out of harm's way and deliver them safely to you at the end of their kindergarten session. We know that is what you want as well. Should you have questions about this procedure, please do not hesitate to contact me at school.

Sincerely,

Bryan Hensz,
Principal
BH/jrl
c: Kindergarten Teacher

I have read the information regarding kindergarten students not being let off the bus if they will be alone at the bus stop; the fee that will be charged; and the requested conference.
